Leading the team of Ibarapa Engineers in NSE Oluyole, Engr Adejumobi (Coordinator, Post-Harvest Engineering Department, OYSCATECH) expressed gratitude to God for giving the Engineers the knowledge to design and fabricate the machine on time employing local materials in the fabrication. The machine, which has leg pedals for discharging soap and water for hand washing has a water storage capacity of 100 liters.

Expressing the gratitude of the hospital on behalf of the Medical Director who was unavoidably absent, Dr Adeniran appreciated the efforts of the Engineers in ensuring that the fight against COVID-19 is a collective one, he promised that the machine will be put in good use among the hospital staff and patients. The machine was thereafter commissioned and tested.

Among the team of Engineers that went were the Ibarapa Engineers Publicity Secretary and HOD, Civil Enginnering, OYSCATECH- Engr Ayanlola, Engr Akintola- Ag. HOD, Agric & Bio-environmemtal Engineering, OYSCATECH, Engr Ogunsola, Engr Adesope Waliu, Engr Ogunremi and Engr Opadijo (ASUP Chairman, OYSCATECH). The Matron- Mrs O.O. Salau was part of the hospital team supported by other hospital staff.
